

4th Editorial Board Meeting

MUSIC THERAPY JOURNALS in EUROPE and the WORLD

July 23rd, 2025 | 1:00 – 4:00 pm | MSH Medical School, Am Kaiserkai 1

Initiated at the 2016 EMTC in Vienna by the German *Musiktherapeutische Umschau*, editors and editorial board members from music therapy journals throughout Europe and the world are invited to meet again – this year for the fourth time.

The meeting serves as a platform for mutual exchange on developments, challenges and current topics and, especially, for networking. Main objectives are to address limitations imposed by diversity of language and country-specific aspects and to discuss efforts to make publications accessible to authors and readers alike, regardless of existing restrictions.

Learning from one another and actively and responsively engaging with journal content and collaborative efforts, e.g. the release of manuscripts for both translation and reprint in other languages/journals, can promote this.

A further outcome of the meeting is an updated journal presentation on the EMTC website:

<https://emtc-eu.com/links-to-journals/>

The event is open to all representatives of editorial offices / editorial boards of European and international journals (with a European focus).

Contact & further information:

Monika Smetana: smetana-m@mdw.ac.at

Mary Laqua: mary.laqua@musiktherapie.de

(on behalf of the German Journal *Musiktherapeutische Umschau*)

Registration (until May 31st):
